GOVT OF MYSORE

1) A deputation of Vokkaligars of Saklespur Taluk met me at Saklespur on 13 January 1944 and ~~requested for~~ represented that a suitable site near the town in Saklespur Town for putting up a building for the Vokkaligara Hostel They requested that the site No 2 measuring 100 X 200 ~~square~~ feet, marked in green in the accompanying plan may be made available for the hostel The site is well situated and is suitable for the purpose It is gathered that it is included in the area of the Local Fund Dispensary, which, I learn, will be shifted from its present place shortly It has not much connection now with hospital buildings, being on a very much higher level and is vacant It will by no means spoil the beauty of the existing buildings, if a hostel building is put up If the Minister for Local Self Government and Public Health has no objection to grant the site for putting up the Vokkaligara Hostel, orders may issue granting the site to the hostel subject to the condition that it should be used for constructing a building for locating the hostel and that the site would revert to Government if the building is not put up within one year or if it is used for any other purpose

Sanction of Vokkaligara Hostel Site at Saklaspur in
overnment Order No L 7043-5/ML 92-42-50 dated 11th Nov 43

With reference to your No C 122/42-43, I wish to bring following few lines to your kind notice and consideration -

The Vokkaligara Hostel Site sanctioned in the above Govt Order No is by the side B M Road but it is 10 feet to 12 feet lower than the Road Level and more-over there is tank by the side of Site which causes Malaria in this Malnad Area In the interest of Students health, the Committee of Vokkaligara Sangha has concluded that this is not proper site for Hostel During kind inspection of Deputy Commissioner in the month of September 1943, to the above site, he has also concluded that the site is not suitable one for the Hostel Building

In view of the inconveniences explained, that the site sanctioned in Govt Order No L 7043-5/ML 92-42-50 dated 11th November 1943, is not suitable site for the construction of Hostel Building in the interest of the health of the students

The Committee of Vokkaligara Hostel, Saklaspur requests the gracious Govt to kindly sanction the better site, the one that has been approved by the Educational Minister

Re Grant of a site for the construction of a building for the Vokkaligar Hostel at Saklespur

---

With reference to your letter No L.10989 dated 28-4-1944 requesting to ascertain from the Hostel authorities as to why they are not agreeable to take up the site already sanctioned in G O No L 7043-5/Ml 92-42-50 dated 11-11-1943, I have the honour to state that the Secretary of the Vokkaligara Hostel has intimated that the site in question is lower than the ground level and that it is unhealthy on account of the tank nearby The letter of the Secretary dated 16-5-1944 is also enclosed.

The plan received with your letter No L 8183/dated 9-2-1944 is herein enclosed

The Govt Architect has opined that site No 2 appears to be preferable and a copy of his letter dated 4-5-44 addressed to the Municipal President Saklespur is herewith sent for reference

Sir

Regarding the site for Vokkaligara Hostel at Saklespur

With reference to your letter No L 2616 dated 16-9-1944, I have the honour to inform you that I inspected the area wherein it is proposed to construct a Hostel for Vokkaligar Students This area, as seen from the accompanying provisional layout plan prepared by the Government Architect is already congested by the big Hospital now in the course of completion and the necessary residential and other minor Buildings to be built hereafter to make the Hospital function properly I was told that a High School was contemplated to be taken up in the near future In that case there would be no place at all within the small area of the Town

Considering all these factors I am of opinion and the Government Architect agrees with me that a new area for locating the Buildings now under contemplation and also to serve as a future extension for housing or other purposes as hereinafter referred and the best place is considered to be beyond the Bridge on either side of Hassan Mangalore Road This place would be within a mile from the Town and later on the Middle and High School and other Public Buildings can be transferred

The new Hostel now proposed may very well go to this place if the idea of the new Extension is approved by Government My opinion is that the town of Saklespur is congested, and the new Hospital does not admit of any more public buildings being built on the small area in front and it would be very desirable to form the new extension as proposed above

proposed above

I have the honour to be,
Sir,
Your most obedient servant,

Chief Engineer for Roads
and Buildings

To,

Minister of Public Health, Local Self Government
to the Government of Mysore,
BANGALORE

Dear Sir,

I am approaching you with this letter on behalf of the vokkaligara Community of Manjarabad Taluk in regard to the grant of a sitefor the construction of a Hostel for the students of our comunity in Saklespur I know I am taking a part of your precious time and I beg your perdon for the same

Perhaps yu have by this time received a comunication from the Chief Enginer furnshing his opinion that the vacant land by the side of the Govt Middle School may be reserved merely on the ground that the locality would be conjested if more buildings are put up there We have not received anycomunication officially so far It also seems that he has given his opinion that the High School and the allied Hostels may be constructed near the sandy maidan beyond the bridge towards the Hassan Side This spot is morethan a mile from the town Besides, the consuruction of a High School in this place is a propdsal for the distnt future, because it is not feasible for many years to come since there will not be suffricient boys

A glance at the file relating to the grant of a side for the hostel in question will reveal to you that some local people have tried their best to see that we are not granted a site out of sheer prejedice You know full well that this question is under correspondence for nearly ten years We hear that even the Chief Engineer has been influenced to give the above opinion The Chief Engineer whom we approached during his visit to this place about two months back, was kind enough to inspect the spot and promised that he would recommend for the grant For our disappointment and surprise his recommendation is against our aspirations

It is needless to bring it to yourkind notice, the local politics and the intentions of both official and other non-official gentleman whoare doing all that they cannot prevent us from congtructing a hostel for our comunity The one object

The object of some of the people is that they do not want to see that the vokkaliger community prospers

As you are intimately acquainted with the details of the place I do not like to write any thing more If atall we expect anyhelp in the mater it is only from you when you are in office Afterwards we will be like orphans and our prayer will be a cry in the wilderness

Under the circumstances I request you to be kind enough to see that the site by the side of Government Middle School which was recommended by the then Education Minister and your good self is granted to us If we let go this opportunity we will not be able to construct thehostel since some of the big donors are not in favour of giving their donations if it is any other side and there is no other suitable site at all in this place If my presence is necessary in the matter I am prepared to approach you

I once again beg your pardon for the liberty I have taken to place these things before you

Yours Obediently,

H. Kencho Gowda.

BANGALORE

Dear Sir,

It is needless to narrate the history again relating to the grant of a site in Jaffnapur for the construction of the Vellalar Hostel in this place as the same has been personally explained and also incorporated in all our previous representations. The donors and other members of our Community are anxious to have the work of the Construction of the Hostel commenced immediately and since securing the grant of the site for the purpose It is therefore, ardently to have the foundation stone laid before June 1945 that is before the Commencement of Monsoon

I request you therefore kindly to see that the site to the north of the Government Middle School recently valid all the connected papers are in your office is granted to us I am afraid that if the site is not granted we may not be able to secure another suitable site at all As the Sole prayed for is for a public cause I hope you will be pleased to grant the same The action ordered to be taken in this kindly be caused to be intimated to me early
